

## **Topic: Communication and Learning among Youth at School**

### **TEXT 1**

Dear Mike,

I hope you're doing well! I wanted to tell you about some new extracurricular activities at our school. This year, I joined two clubs — the debate club and the photography club. The debate club meets every Wednesday after lessons. We discuss interesting topics like social media, school uniforms, and even space travel! It's great for improving my communication skills.

The photography club is my favourite, though. Last week we had our first photo walk around the city, and I learned how to take better portrait shots. Our teacher, Mr. Benson, says I have a good eye for composition. Next month, our photos will be part of a school exhibition!

You should definitely join something similar at your school — it's a fun way to make new friends and learn new things.

Write soon,  
Tom

Friday, 15th March

Dear Diary,

What a day! Our senior students organized a charity fair to collect money for the local animal shelter. I helped at the cake stand — I baked 20 cupcakes, and all of them sold out in less than an hour! 🍰

The school yard was full of people: students, teachers, even some parents. There was music, games, and a small art exhibition. Everyone worked together with real teamwork.

By the end of the day, we had collected over 5,000 hryvnias! It was amazing to see how the whole school community came together. I was so tired but also proud.

If we had more time, we would have made even more money. Next time, I'll try to organize a charity concert!

— Anna
